About the way in which
EWART is slashing prices
to reduce his stock before
invoicing!

STANDARD PRINTS, 5cts,

DRESS GINGHAMS at a sacrifice,

BARGAINS IN UNDERWEAR,

BARGAINS IN SHAWLS.

You Never Saw the Like!

And you will not see the
like anywhere else this year.
Remember too that I am

CROWDING THE CLOTHING!

New invoice just received
at 'way down prices, and
another big lot ordered.
Just now, when trade is a
little slack, is the time to
buy goods and get bargains.

DON'T FORGET TO ASK FOR THOSE BLANKETS!

D. EWART.

A Question Answered.

What is a Pullman tourist sleeper. It is a comfortable sleeping car without expensive upholstery, just suited to the purposes for which it was designed.

Mattresses, bedding and curtains; handy lunch tables; and necessary toilet articles are all there.

Everything is kept clean and tidy by a competent porter.

The Santa Fe Route uses Pullman tourist cars on its line to Pacific coast.

A pretty little folder describing in detail the many advantages of traveling in tourist sleepers, can be found by addressing G. T. Nicholson, G. P. & T. A., Topeka, Kansas.

Hucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by W. J. Evans, (Successor to Goodhue & Evans).

For Sale or Trade.

(Notices under this heading will be inserted one week free of charge for all subscribers to the REGISTER. Any such (excepting those regularly engaged in the mercantile business) having anything to sell or trade, or wanting to buy anything, are cordially invited to use this column.)

The failures in Kansas in 1899 summed up \$4,500,000. This amount was nearly double the losses of 1899. It is not the farmers alone who suffer when hard times strike an agricultural State.

Mr. J. H. Hale, junior editor of the Chanute *Vindicator*, called on us Tuesday. Mr. Hale was a class mate of Supt. Barber at the Normal College and is an intelligent and capable young man.

C. H. DeClute and C. Kreuter had a deer sent up to them from Oklahoma the first of the week. The carcass hung in front of the meat market Wednesday and "Clem" swears that 500 men stopped at their place and asked, "Hello! Where did that come from?"

Married at the residence of George Carner January 11, 1891, Eld. O. L. Summer officiating, Mr. I. S. Purcell, of Woodson county and Miss Miranda I. Carner of Allen county.

It is my custom always to balance my books the first of the year and I expect all those who are owing me to make prompt settlement. If you have not the cash come in and give me your note. D. Ewart.

Eugene Esse has rented the building just south of Dr. Scott's drug store and will open a stock of groceries in a few days. Mr. Esse is a pleasant gentleman to deal with and will not doubt get his share of the trade.

The REGISTER a year and the Topeka *Daily Capital* three months for \$3.00. The three months of the *Capital* will cover the entire session of the Legislature and also the publication of the laws passed. It is a liberal offer.

During the last three months B. H. Achter has shipped to one commission firm over three thousand dozen of eggs.

And every dozen of them was protected by a Republican tariff of five cents.

The play "Little Vic," given at the Opera House Tuesday evening by the George Hamlin company, was a right good show. The orchestra furnished excellent music and the acting was much above the ordinary run of traveling troupes.

No business man can afford to be without printed stationery. It makes it impossible for letters to be lost or for mistakes to be made on account of careless writing, and it gives him credit and standing with his correspondents.

The *Home Market Bulletin* is one of the best protective tariff publications issued. It is issued monthly and is full of good fresh facts and arguments. The price is 50 cents a year but we will send it and the REGISTER one year for \$1.75.

A note from G. B. Brady of Salem, brings us word that he is at work as fireman on a railroad attached to a lumber camp near Texarkana, Ark.

He doesn't say so but we venture to guess that he will be ready to return to Kansas when spring opens.

A summary of all the important events of the year 1899 will be found on one of our inside pages. Cut it out and paste it in your scrap book, or preserve the paper containing it. You will find this summary alone worth the price of the paper for a year.

Thayer & Gilmore are handling coal at the old stand, and solicit a share of your patronage. All persons knowing themselves indebted to them are urged to call and settle by cash or note, as it is absolutely necessary that their books should be closed by February 1, 1901.

A Mr. Lynch, living near Iola, recently brought a dog here from Barton county, Kansas. The dog disappeared one day and Mr. Lynch received word soon that he had turned up in his Barton county home, having made the journey of 230 miles in three days.

The attorneys in attendance upon the district court last week were somewhat surprised to find themselves furnished with foolscap paper instead of legal cap as heretofore. They don't know whether any inferences are intended or whether they ought to get mad or laugh.

In order to be able to look after other business which demands my attention, I desire to sell out my restaurant and confectionery. It is a well established business on a good paying basis, and the right man can get a bargain. Call on or address L. Gillman, Iola, Kansas.

This office is very much indebted to the passenger department of the Mo. Pac. railroad for its "Roses All the Year" calendar. It consists of twelve sheets representing the twelve months each illustrating some city reached by the Missouri Pacific and in each of which roses are in bloom during the month designated. It is a work of art.

Show this copy of the REGISTER with its history of the year on one page, its report from the Legislature on the last and fourth pages, its array of letters from county correspondents, and its crowded local, editorial and general news columns, to some man who is taking another paper—any other—and ask him to make comparisons.

The Topeka *Weekly Capital* from now until Jan. 1, 1902 and the REGISTER for one year for \$2.00. The *Weekly Capital* will contain the most complete reports of the organization and proceedings of the coming Legislature that will be published, besides all the news of Kansas and the Capital city. Ko Kansan should be without it.

The street commissioner got out early Sunday morning and cleared the snow from the crossings leading to the various churches. It was a work of mercy that was highly appreciated and when we passed him he was fairly dripping with the blessings that had been showered upon his head by the faithful whose paths he had cleared.

Mr. J. A. Monfort says his hired man went out Monday a little while and caught twenty-five rabbits just with his hands. A good many other people must have been nearly as successful for rabbits are a drug in the market, being offered at retail for two cents apiece. When dressed, however, they bring from six to ten cents—which is a pointer for the butchers.

A lady's gold watch chain, short, with a round ornament, was lost on the streets of Iola about a week before Christmas. The finder will be suitably rewarded by leaving at Richards & Welch's store or at this office.

"Praise from Sir Hubert is praise indeed," which is why we cannot resist the temptation to clip the following from the *Marion Record*:

We are glad to learn from Charlie Scott's IOLA REGISTER that that splendid paper begins the new year in a more prosperous condition than ever before. It is a beauty, typographically, and edited with rare judgment and ability.

Mr. A. B. Leach, of Marmaton, was one of our callers Wednesday. We regret to learn that he expects soon to return to the old "home" farm in Illinois, the one which his father located in 1834. He will leave two sons in charge of his Allen county farm, however, and so will still have an active interest in Kansas, which he leaves after 14 years' residence with real regret.

"I'll wash his face if I have to pack some of this snow away till next summer to do it." It was a rosy cheeked, bright eyed school girl who said it and the old man who heard her thought to himself that he would give half his wealth and all his wisdom to be in "his" place, so as to receive that ablution. Boys now-a-days don't half live up to their privileges.

The county officials at the court house entered upon their new terms last Monday without ceremony. The only new man is Wm. Braucher, commissioner from the first district, who takes the place of C. C. Kelsey. Capt. Kelsey has been a very efficient and capable commissioner and has served the county faithfully and well. His successor may well be satisfied if he succeeds in making so fair a record.

Last week a man applied to the city clerk for a license to sell soap on the street. When told that the fee would be \$5.00 a day he made a grand kick and jumped the town. We now learn from the *Union*, that the man used to be a king in the oil country and was once worth \$150,000. And now he is "peddling soft soap in a gourd" and kicks on paying a little license. *Sic transit gloria mundi*, or words to that effect.

It is observed that people seldom marry the ones they knew as children. If a young man went to school with a girl, he may live with her for the rest of his life, and he will never care much for her. The process of growing up together seems to have a distasteful effect. *—Atlantic Globe.*

Not always. We know a couple who grew up together from childhood. He called her "my little wife" before they were ten years old. They are married now and are more in love with each other than ever.

The teachers of the schools on sending in their requests for the REGISTER in accordance with the offer lately made them, speak many flattering words for this paper which are very encouraging and are highly appreciated. We know of no higher compliment that could be paid a paper than to have it made a welcome visitor in the common schools, where not only the mental but also the moral food of the children is carefully inspected and guarded.

Mr. A. O. Allen slipped on the stairs as he was coming out of Colborn's hall on Thursday of last week and fell down several steps. He did not think at the time that he was much hurt, but after an hour or so he began to suffer severe pains in the back. He went home and has been confined there ever since, suffering at times very severely. He is much improved now, however, and expects to be able to attend to business as usual within a few days.

Kincaid Dispatch: Two gentlemen from Iola, Kansas, were showing up in our town this week a newly patented Ice Cream Freezer that is superior to anything of the kind that we have ever seen. The milk being turned into one end of the machine and by a few turns of a crank a fine quality of frozen cream would drop out at the other end ready for use. The gentlemen persuaded Mr. Hank Reed near this place to invest in the right of Anderson county.

J. E. Hardin says he saw two big gray wolves as he was coming into town from Carlyle the other day. A dispatch from Wichita says that these beasts are invading the western border counties of Kansas in great packs in search of food. A short distance from Liberal Mrs. Garvey and her child were attacked by a pack of wolves and while the woman escaped with slight injuries, the boy was carried some distance and mangled so horribly that he cannot recover.

Iola Lodge, No. 21, I. O. O. F. held a public installation of officers last Tuesday night, the occasion being an exceedingly pleasant one. The officers installed were the following: John Forsythe, N. G.; Dr. W. I. Linn, V. G.; T. E. Kelley, Sec.; A. L. Taylor, Cor. Sec.; Otto Krueger, Treas.

Upon the conclusion of the interesting and impressive ceremony of installation, tables were brought out and an elaborate banquet was served, the bill of fare including everything from oysters to tooth picks. Some splendid cakes, beautifully decorated with the emblems of the order attracted much attention. They were presented with the compliments of Mrs. G. W. Apple—but we believe that to be a rather strictly a secret. After the banquet the company gave themselves up to social enjoyment and it was a late hour before they finally separated. In addition to the active members of the Lodge, the Daughters of Rebecca were present by special invitation, as were also about twenty other friends of the order, and all unite in praising the Odd Fellows as the most genial and hospitable of bodies.

LADIES' CLOAKS

better come in at once
and make your selection.

NORTHROP BROTHERS.

We regret to announce the death of Chas. H. Mable, which occurred at his residence, Buchanan, Bowls Co. Tex., at 4 p. m. Tuesday, Jan. 6, 1891, after an illness of one week. The deceased was a former resident of Iola and was well liked and thoroughly respected as an honest and industrious young man. He was married about three years ago to Miss Mattie Brady of Salem township, this county. The young widow and child have the sympathy of many relatives and friends.

A drummer for a Chicago house was in town last week and in the intervals of business he talked politics. Here is about what he said, as nearly as we can remember it.

The Farmers Alliance owes its origin to the fertile brain of the managers of the Democratic party. I know it as well as I know anything. After the election in 1888, these men said, "We have lost this election in spite of having the Administration and all the offices on our side. Unless the Republican party, especially in the West and Northwest, can be divided in some way there is no reason to hope that the Democratic party can ever elect another President. The question then is, How can the Republican party be divided?" The Alliance was organized to answer the question. The farmers, it was argued, were the men who could be most easily influenced by an appeal to their class prejudices and could be most easily persuaded to take up with a new party which promised the most extravagant legislation in their exclusive interest. So it was determined that the work of dividing the Republican party should be commenced by alienating the farmers from it. The Alliance originated in the South, it is offered by Southern Democrats, it was intended from the beginning to be a political instrument and not an agricultural society, and it is absolutely under the dictation of the Democratic leaders at Washington.

The new Board of county commissioners met Monday, as required by law, and organized by the election of H. L. Henderson, chairman. The medical pauper practice for Humboldt was awarded to Dr. John Wilson, price \$80, for Carlyle township including poor house to Dr. W. D. Scott, price \$85, and Iola township including jail to the same at the same price. The county clerk was instructed to draw an order on Salem and Cottage Grove townships for \$127, the excess over \$500 of the cost of the bridge across Goose creek. County warrants to the gross amount of \$72.95 were cancelled, having been uncalled for for three years. We thought at first that it would be a good idea to publish the names of those in whose favor these warrants were issued and thus give credit where it was due for the handsome contribution to the county's exchequer. But on further reflection it occurred to us that the donations might have been made through carelessness rather than benevolence and that it would be better to let those who had thus robbed themselves remain in their present blissful ignorance. But it is an interesting list.

Las Vegas Optic: The progressive merchant of today owes his success to advertising; without it one might as well take down his sign and invite the sheriff to walk in and close up his business. The wisest business men and the most successful ones are those who keep their names prominently before the public when trade is good as well as when it is dull. Constant and continuous advertising, got up in an attractive style, is like the constant dripping of water upon the flinty rock; slowly but surely an impression is made.

We understand that the Nickel Plate hotel has been rented to J. H. Gantz, of Iola, who has been in the business there for years. Mr. Gantz has the reputation of being an excellent and clever landlord, and is very popular with the traveling public. We are pleased to learn the Nickel Plate is soon to be opened.

Union.

We understand that Mr. Gantz expects to take possession of the Nickel Plate next week. It is not yet known who will succeed him at the Leland, but the building will not long stand empty as three or four parties have already made application for it.

Teachers who have ordered the REGISTER sent to their schools and who desire to preserve all the copies, may be at a loss to know how to make a file. The simplest and cheapest plan is this: Take two sticks each twenty-four inches long, an inch wide and a quarter of an inch thick. About six inches from each end punch two holes an inch apart. Take a shoe string and thrust it through the holes in one of the sticks, leaving both pointed ends on the same side of the stick. Fold the paper through the middle and then by the pointed ends of the shoe string it can easily be secured, with one stick on one side and the other on the other side, holding the paper firmly. The pages can then be cut and the paper handled as you would a book. And by the way we wonder how many of our readers keep the REGISTER or any other paper on file? Those who do not will find, if they try it once, that they have lacked a great deal of getting all the use they might have had out of the paper. Let a file be made such as we have attempted to describe. Let each paper be put in it as it comes into the house. There will be no complaint then about the paper being lost or torn, the pages can be cut out and it can be read with much greater convenience, and you will be surprised to find how often you will refer to back numbers during the year. Such a file will be more valuable the longer it is kept. There are subscribers now taking the REGISTER whose subscription began with the very first number. If any such have kept a complete file we are ready to pay them \$50 for it.
